Dear Prospective Sponsor,

The Insurance Regulatory Examiners Society (IRES) is proud to host the 2026 Career Development Seminar (CDS) in Pittsburgh, Pennsylvania, August 23–25, 2026—a city defined by innovation, resilience, and an enduring industrial spirit.

As the premier educational event for insurance regulators across the country, the CDS brings together hundreds of professionals for robust continuing education, collaboration, and career advancement. Much like Pittsburgh's steel industry helped build a nation, IRES continues to help forge the future of market regulation by advancing professionalism, integrity, and regulatory excellence. This year's theme—"Forging the Future: Inspiring, Innovating and Improving Market Regulation"—reflects our shared commitment to strengthening the foundation of effective oversight while embracing progress and innovation.

The CDS is made possible through the generous support of organizations like yours. By sponsoring the CDS, your organization becomes a valued partner in this mission—supporting the development of regulators nationwide while gaining meaningful visibility with industry leaders and key decision-makers.

Sponsor Recognition and Benefits

CDS sponsors receive prominent recognition throughout the conference, which may include:

- Acknowledgment during general sessions
- Branding on conference signage and welcome materials
- Recognition on the CDS website and in The Regulator newsletter

We have carefully reviewed sponsor feedback and are pleased to share updated sponsorship packages (attached) that more clearly reflect current opportunities and the vital support being requested. Early commitments receive priority access to preferred sponsorship options, ensuring maximum visibility and impact.

We sincerely appreciate your consideration and hope you will join us in forging the future of insurance regulation at the 2026 IRES Career Development Seminar. To confirm your sponsorship or request additional information, please contact us at info@go-ires.org or 708-820-8112

Sincerely,
Insurance Regulatory Examiners Society (IRES)

Craig Leonard, CIE, CPCU, CCP, FLMI, ARC, AIAF, ARM, MCM
CDS Chair

Brett Bache, CIE, PIR, MCM, AIRC, ALMI
CDS Co-Chair

Chris Heisler, CIE, FLMI, MCM, ARC
CDS Co-Chair
